(1) Tables 6.2 includes wine consumption in 225 countries during the period 2011-2014. Consumption data for 57 countries in "UPPER CASE BOLD FONT". Countries included in this group are primarily wine producing countries where relatively reliable data is available from government sources. There are 168 countries listed in Tables 6.1 and 6.2 "lower case font". Wine consumption data for these countries is not available. Consumption has been estimated by TDA by aggregating the EXPORTS of the major wine producing countries to each individual country. The aggregation includes 41 countries including the EU 28, Argentina, Australia, Canada, China, Chile, Hong Kong, New Zealand, Singapore, South Africa, South Korea, Ukraine, United States Uruguay. The November 2015 revision pertains to Sweden.
